Feasibility Checklist

Finacial appraisal: **It the project worth it?** **Does it meet the organization's financial appraisal criteria?** **Can we find a cash to support the project?**	**Technical:** **Do we have the skills and knowledge?** **Is it actually possible?** **Will our suppliers be able to deliver?**
Organizational: Can we do it? Do we have the staff end equipment? Is it the kind of thing we do?	Cultural: Do we want to do it? Is it ethical and moral? Is it offensive?
Operational: Can we manage it? Can we support it when completed? Do we have the necessary backups?	Risk: Are there any organization-threating risk? Are we prepared to take the chance? Is the range of possible outcomes acceptable?
